

Pre-Kindergarten B

We had our very first field trip to the pumpkin patch. The kids were overjoyed! Thank you to all parents who helped to make this trip a success. We had tons of fun learning about the life cycle of apples and pumpkins, counting, letters and fall.

This upcoming month we will continue working on listening and following directions. We will work hard on learning letters J, K, L and the sounds they make, counting to 50 and numbers 16, 17, 18. We will be talking a lot about hearts of gratitude for Thanksgiving. Please remember to check your child's cubby and add weather appropriate items. Please limit bulky items due to space. One blanket is sufficient. Also please bring a package of page protectors.

School Age

This past month we finished up our study on 1&2 Corinthians. We learned about wisdom from God, Jesus as our foundation, the Spirit as our guide, the church as our family, being ambassadors for Jesus, and how to walk with grace and love.

In November we will start our study on the book of Romans. This book will help us better understand the gospel and help explain the steps of salvation.

As cold & flu season is upon us, please be certain that your child is immediately washing their hands upon entering the classroom. If you intend to visit in the classroom, please wash your hands as well.

As a reminder, our sick policy states that a child must be fever and/or symptom free for 24 hours before returning to the Center. It is always our goal to ensure healthy and safe classrooms for all of the children we care for. For that reason, it is imperative that our sick policy be implemented and adhered to by all families.

Thank you to all the parents and family members that participated in our Costume Parade and Parties. The children had an amazing time and we couldn't have done it without your support!

Please be sure there is at least one complete change of weather appropriate clothing in your child's cubby each day.

Christmas Holidays

Congratulations to our staff members who are celebrating anniversaries this month!!

Ms. Jackie— 2 years
Ms. Becca— 1 year

Teacher Work Day/Open House

Friday, August 28, 2020

CDC will be closed to students.

Families are encouraged to attend Open House 5-7pm.

Young Infants

October was all about the season of Fall. We practiced using our fine motor skills by doing art projects as well as using our senses to explore the season of Fall.

In the month of November we will begin to learn about giving thanks. We will learn how to fold our hands and thank God for the things around us. We will continue working together on our signs to communicate and building our gross motor skills.

Older Infants

We are so excited for the cooler temperatures. The older infants love to spend time outdoors, especially in the Fall! In October, we talked about how God made us and we explored our faces in a mirror. We also did a musical week when we waved streamers and danced with instruments. We have been going outside and observing all of the changes taking place that come with Fall, such as the colored leaves and crisp cool air! We have been practicing our signs for milk as well as thank-you. Make sure you help them continue practicing their signs at home! Because we go outside every day, please make sure your child has weather appropriate clothing such as socks and a jacket and probably a hat as the temperatures continue to drop.

Young Toddlers

We had a wonderful October! We learned about all things Fall! We enjoyed taking buggy rides and playing outside in the beautiful Fall weather. We painted and looked at pretty Fall pictures as we talked about Fall colors. We also painted a pumpkin together, played in the leaves and tasted some yummy Fall foods.

We will continue to practice using our words and signs to say, "please," "water," "all done" and "more." Be sure to practice these words and signs at home, too, to foster confidence in communication. November will be a month of giving thanks in our classroom. We are also looking forward to a week of fun camping activities and treats!

Older Toddlers

We loved exploring Fall! We went on nature walks and enjoyed the cool weather! We explored pumpkins & played in the leaves. We used our senses to explore Fall.

This month will be all about giving thanks! We will continue to practice using our words, labeling colors and being kind friends.

Early Preschool A

In October we talked about our families, our friends and all about what Fall brings. We also learned about how we use our senses to explore our world. We used shaving cream and glue to practice using those senses. With Fall in full swing, we took advantage and went out searching and collecting leaves for our classroom science experiment.

We are excited about November as we focus on thankfulness. We will talk about how thankful we are for our families and all that God has given us. We will also spend time learning about all of the colors and shapes around us.

Early Preschool B

We have had a blast during October! We continued to work on sharing our toys with our friends and being good cleaners. We have been using our imaginations a lot during play time! We also learned about our 5 senses and what we use them for. We loved learning about how Jesus fed the 5000 with 2 fish and 5 loaves of bread. We finished by learning how Daniel grew strong and wise by obeying God. In November, we will be talking about Fall and being thankful in preparation for Thanksgiving. We will continue to work on our letters and numbers, specifically E & F, 5 & 6. Please make sure your child has a jacket and appropriate changes of clothes & underwear. Please make sure that their clothes are weather appropriate and fit. Also, please bring a blanket each Monday and take it home to be washed each Friday.

Preschool A

Our October was all about using our 5 senses to explore our world. We explored leaves, pumpkins, and apples, too! We also started our adventure down the alphabet lane. We will continue learning about a letter each week. We will look at how the letter looks, listen to and make it's sound and name so many things that start with the letter of the week! We have completed A,B and C. In November we will learn about D, E, F and G.

We are excited to learn about community helpers. It will be such fun to learn how these people help others in our community. We will also talk about what we might want to be when we grow up. We will spend time talking about our families, and also about all the things for which we are thankful!

Preschool B

Last month we learned all about Samuel and how he obeyed God. We did lots of fun math & science activities with pumpkins, leaves, & acorns. The children have done so well writing and recognizing the letters in their names. They are learning to recognize the number in their birthdays and how to arrange them in the correct order. In November, we will learn about the things we are thankful for, about Community Helpers and how we can help our friends and family. We will continue to learn our letters in fun ways. We will continue to work on number recognition. We will do activities that show things and people we are thankful for. We will also learn about showing love and kindness and how God loves us the most.

Pre-Kindergarten A

We had such a fun trip to the pumpkin patch!

Throughout the coming month, we will continue practicing our scissor skills, writing our names (first and last) and learning to identify 2 digit numbers. We will play games with letters and numbers as we aim to become more confident in identifying letters and numbers. We will also start learning the letters in our last name.
